

Guest lecture Report

A guest lecture on safety was conducted on July 31, 2019, featuring Er. Mohamed Ali Jinna and Er. B.V. Mathan Kumar from M2Y Global Academy Dubai. The lecture focused on various aspects of safety in different contexts, ranging from workplace safety to community and environmental safety.

Er. Mohamed Ali Jinna and Er. B.V. Mathan Kumar brought extensive expertise in the field of safety management and risk assessment, enriching the session with practical insights and real-world examples. They emphasized the importance of a proactive approach to safety, highlighting the role of risk identification, assessment, and mitigation strategies in preventing accidents and ensuring the well-being of individuals and communities.

The lecture covered a wide range of topics, including:

Workplace Safety: Discussion on implementing safety protocols and regulations in the workplace to minimize occupational hazards and ensure employee well-being.

Safety Culture: Emphasis on fostering a safety culture within organizations, where safety is prioritized at all levels and becomes an integral part of organizational values and practices.

Emergency Preparedness: Insights into developing emergency response plans and procedures to effectively manage crises and minimize their impact on personnel and assets.

Environmental Safety: Consideration of environmental factors and sustainability principles in safety management, with a focus on minimizing ecological footprint and promoting environmental stewardship.

Community Engagement: Importance of engaging with local communities and stakeholders to address safety concerns and promote collaborative approaches to risk management.

The guest lecture provided participants with valuable knowledge and tools to enhance safety practices in their respective domains. Attendees had the opportunity to engage in discussions, ask questions, and exchange ideas, making the session interactive and informative.
