WORLD HERITAGE DAY

(April 18' 25)

Date: 14.05.2025 – 10.00 AM to 12.00 PM

Venue: MBA Seminar Hall

World Heritage Day, also known as the **International Day for Monuments and Sites**, is celebrated every year on **April 18th**. This day was established by the **United Nations Educational, Scientific, and Cultural Organization (UNESCO)** in 1982 to raise awareness about the importance of preserving cultural heritage and the need to protect cultural monuments, buildings, and landscapes that hold significant historical, cultural, and natural value.

On behalf of AVCCE – IKS Cell celebrated World Heritage Day on 14.5.25 headed by Our Principal who delivered a short lecture on “Indian Cultural Heritage for future generations” among the students.

India's cultural heritage is one of the oldest and richest in the world, encompassing a diverse array of traditions, art forms, languages, festivals, architecture, and spiritual practices. Spanning thousands of years, it reflects the confluence of various civilizations, philosophies, and belief systems. From the ancient Indus Valley Civilization to the modern-day multicultural society, India's heritage offers invaluable lessons in history, art, and human connection. As the world becomes more interconnected and rapidly modernizes, it becomes imperative to preserve this vast legacy for future generation.

To create awareness among the students about Indian tradition and heritage IKS cell conducted various events like

1. Essay Competition – India's heritage in the digital age: Opportunities and Challenges
2. Poster Making Competition – Timeless beauty of Indian art and architecture
3. Elocution – Empowering future generations through India's heritage

Our Principal distributed prizes to the event winners and participants.
