## One Day Certification Workshop on

## PATENT DRAFTING

The Intellectual Property Rights (IPR) Cell of A.V.C College of Engineering organized a one-day certification workshop on "Patent Drafting" on 16th October 2024. The workshop aimed to provide faculty members, researchers, and students with comprehensive knowledge and practical skills in drafting patent applications.

### Objectives

- To learn the process of patent drafting and filing.
- To gain insights into the legal and technical aspects of patent applications.
- To enhance the skills required for drafting high-quality patent documents.

### Workshop Details

The Workshop started with the welcome address given by Dr.A.Suganthi, Assistant Professor- IPR Cell member and followed by this Keynote Address delivered by **Dr.P.Balasubramanian**, Principal-AVCCE and Dr.S.Selvamuthukumaran graciously presented in this workshop.

Welcome Address-Dr.A.Suganthi,Asst.Prof-MCA

Keynote Address by **Dr.P.Balasubramanian**,Principal AVCCE

- **Resource Person:** Dr.Dr.A.Ravi, Professor & Head-EEE -IPR-Cell coordinator, a renowned IP expert in patent law, conducted the workshop. With extensive experience in the field of intellectual property, Dr.Dr.A.Ravi, provided valuable insights and practical guidance on patent drafting.
- **Participants:**  
The workshop was attended by 150 students from various departments, including faculty members, of AVC College of Engineering. The Participants list has attached with Attendance Sheet.

**Registration & Reception-Desk**

### **Session:**

#### **1. Introduction to Patents:**

The workshop began with an introductory session on the basics of patents, covering topics such as the definition of patents, types of patents, and the significance of patent protection in research and development.

Participants were introduced to patent search techniques and tools. Dr.A.Ravi demonstrated how to conduct a patent search and analyze existing patents to identify patentable inventions.

## 2. **Patent Drafting Techniques:**

The core session focused on the techniques of patent drafting. Participants learned how to draft patent claims, describe inventions in detail, and prepare drawings and diagrams for patent applications.

**Session Chair- Dr.A.Ravi**

## 3. **Hands-on Practice :**

An interactive hands-on session was conducted, where participants practiced drafting patent claims and specifications based on hypothetical inventions. Dr.A.Ravi provided personalized feedback and suggestions for improvement.

## 4. **Patent Filing Process:**

The final session covered the procedural aspects of filing a patent application, including the documentation required, filing fees, and timelines. Participants were guided through the steps involved in submitting a patent application to the patent office.

## Conclusion

- The one-day certification workshop on "Patent Drafting" was highly successful, providing participants with valuable knowledge and practical skills in drafting patent applications. The feedback from the participants was overwhelmingly positive, with many expressing their appreciation for the insightful sessions and the expertise of Dr.A.Ravi.

## Certificate Distribution

Dr.P.Balasubramanian, Principal-AVCCE distributed the certificates to all participants and this workshop ended with the Vote of thanks delivered by Dr.R.Renukadevi,Assistant Professor of MBA.

- The IPR Cell of A.V.C College of Engineering remains committed to organizing such workshops to enhance the intellectual property knowledge and capabilities of its faculty and students.
